DATA ANALYST | SUPPLY CHAIN ANALYST

PROFILE

Data Analyst with **3 years of experience** in Python, SQL, Tableau and **Excel**, delivering automation, data-quality improvements and actionable insights. MSc Business Data Analytics candidate at Cranfield University, completing an industry thesis with **A.P. Moller-Maersk**.

EDUCATION

MSc Business Data Analytics - Cranfield University, UK

Sep 2025 - Sep 2026

- Modules: AI & Machine Learning, Business Analytics & Optimisation, Predictive & Descriptive Analytics, Programming for Business Analytics

BSc (Hons) Statistics, First Class - Kirori Mal College, University of Delhi, India

Jul 2019 - Jul 2022

- Modules: Linear Models, Statistical Computing, Time Series Analysis, Statistical Inference, Design of Experiments

INDUSTRY THESIS PROJECT

A.P. Moller-Maersk - MSc Thesis (Cranfield University)

May 2026 - Present

- 20+ interviews** conducted across pillars to underpin gaps and determine inefficiencies in current processes.
- Identify analytical roadmap for operational teams and next best practices to enable decision making **framework**.

PROFESSIONAL EXPERIENCE

Demandbase India Pvt Ltd - Hyderabad, India

Data Analyst

Nov 2024 - Sep 2025

- Built **8** Tableau dashboards for **50+** stakeholders, identifying seasonal **data** fluctuations and reducing escalations by **20%**.
- Added batch-script logging to a **42GB** dataset deliverable for **JP Morgan** account, reducing investigation time from **1 day to 2 hours** and ensuring on time delivery for a **\$1M** account.
- Group leader of **3** analysts standardising quality checks, increasing client-facing **data accuracy from 80% to 90%** and eliminating last-minute delivery issues.

Associate Data Analyst

Mar 2023 - Nov 2024

- Built a python data clean pipeline for **10M records**, cutting the workflow **from 3 days to 1 day** and improving CRM accuracy **from 74% to 84%**.
- Secured a **5-year, \$2M** renewal by running **20+** monthly client deliveries reliably and on time.
- Eliminated single-person dependency by documenting the workflow in Confluence and training **25 colleagues**, cutting onboarding **from 2 weeks to 4 days**.

Data Analyst Intern

Sept 2022 - Mar 2023

- Delivered **35+** enrichment projects covering **2M** account records, improving client targeting match rates by **5%**.

CORE SKILLS

Tools & Technologies: Python (pandas, NumPy, scikit-learn, matplotlib), SQL, Tableau, Power BI, Advanced Excel, Git/GitHub, AWS (S3, EC2)

Data & BI: Data cleaning and validation, ETL/data preparation, dashboard development, KPI reporting, predictive modelling, machine learning, statistical analysis

Supply Chain & Business: Supply chain analytics, complexity analysis, decision support, process improvement, stakeholder management, risk identification, end-to-end delivery

Workflow: Confluence, Jira, Agile delivery, SFTP data delivery, automation scripting

KEY ACHIEVEMENTS

- £10,000** Dean's Scholarship for academic and professional excellence, Cranfield School of Management (2025).
- Runner-up, company-wide hackathon, for integrating three scripts into one automated delivery workflow, Demandbase (2025).
- Employee of the Quarter for delivery reliability that contributed to a **5-year client renewal**, Demandbase (2024).

CERTIFICATIONS & LANGUAGES

Google Data Analytics (Coursera, 2021); Tableau for Data Science (Udemy, 2021); Data Analysis with Excel (Ramanujan College, University of Delhi, 2020); **Languages:** English (fluent), Hindi (native).
